

Are you ready to run your business with QuickBooks?

If you are currently in business and using QuickBooks accounting system or new entrepreneurs or business owner, this workshop will provide you important information that can help you build and maintain fundamental accounting system for your businesses. Learning how to keep track of all your financial transaction is not only important to comply with government rules, but also help you to make critical management decisions.

In this two hours workshop, we will discuss and demonstrate many common accounting tasks and explain the structure of QuickBooks. This is a good course and required to reserve in order to secure your seat.
